

# The Importance of the Pictures Given in the 1st Grade Education Textbook

*Zulfiya Ortikova*<sup>1</sup>

**Abstract:** This article describes the importance of the science of education, the characteristics and essence of the pictures in the 1st grade education textbook, the effect on the students and the educational significance.

**Keywords:** Individual, civic position, intellectual, aesthetic, psycho-physiological, skill, creativity.

In the design of "Education" classes introduced in schools, in order to fully inculcate its main ideas and goals in the minds of students, it is important to organize classes on the basis of an individual approach to each student, based on the age and physiological state of the students. earns.

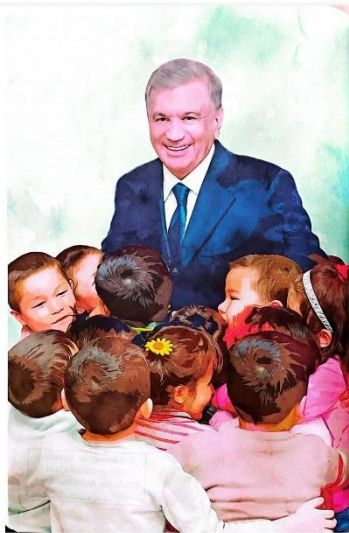

For example, in the Education textbook, strengthening the effective cooperation of the family with the school in the education of students, supporting the formation of respect for parents, representatives of other nations and cultures based on the universal principle; we can see a number of ideas such as protecting children's rights and ensuring their legal interests, inculcating national values based on the principle of "from national recovery to national growth". help, effective cooperation, meaningful organization of time, respect for national, spiritual and universal values, serve to realize their intellectual and creative potential. In addition, to provide students with quality education, to direct them to the right path of education, to help them acquire the necessary knowledge and life skills, to adapt to independent life, in various situations it is rich in interesting and psychological-pedagogical materials, aesthetically modernly decorated, aimed at forming decision-making skills based on legal and moral criteria.

Illustrations in the form of pictures: decorated with media products consisting of maps, drawings, schemes, tables, diagrams, photographs, infographics, new concepts, terms, rules, definitions and similar vocabulary that are suitable for the level of psycho-physiological development of students expressed in the form further expands the sphere of influence of the science.

School is the most important part of a person's life. Children who have just taken their first steps to school are faced with a world full of news. Pictures are an important tool for students to be creative, present, and, most importantly, to grow up to be perfect people who think independently. The pictures are given mostly against the background of nature. This case allows you to master the topic together with the place where the events of the plot took place. The pictures given in the 1st grade Education textbook are suitable for the age of the students, and the pictures within each topic help to expand the worldview of the students, make them think and develop their minds. Through the descriptive pictures in the textbook, the students will have bright impressions, it will help them to achieve great achievements by arousing the feelings of diligence and curiosity in the students. In the pictures given in the book, a certain text events and nature

**Aziz farzandlarim!**  
Sizni maktab ostonasiga qo'yg'an ilk qadamingiz bilan tabriklayman.  
Birinchi qo'ng'iroq hayotingizdagi unutilmas voqealardan biri bo'lib qoladi. Men ham hali-hanuz qadrdon maktabimni, ustozlarimni, sinfdosh-do'stlarim bilan o'tgan beg'ubor davrlarni sog'inib eslayman.  
Maktab inson hayotining eng muhim bo'g'inlaridan biridir. Sizning qanday inson bo'lib shakllanishingiz ko'p jihatdan shu dargohda oladigan bilim va tarbiyangizga bog'liq.  
Oilada ota-ona, maktabda o'qituvchilaringiz sizni to'g'ri yo'lga boshlaydi. Ustozlarni hurmat qilish, e'zozlash, ularning sizga berayotgan mehri va e'tiborini qadrlash lozim.  
Siz – kelajak bunyodkorlarisiz. Orangizdan Vatanimizga sharafl keltiradigan, O'zbekiston nomini yanada yuksaklarga ko'laradigan olim-u adiblar, muhandis va dasturchilar, davlat arboblari-yu iqtisodchilar, jahon tan olgan qo'li gul hunarmand hamda me'morlar chiqadi. Men sizga ishonaman! Davlat rahbari sifatida mening Sizdan umidim katta!

*Shavkat Mirziyoyev*  
Shavkat Mirziyoyev

The textbook begins with a picture depicting the state of our President as a child and an address of the head of our state to young students, which in turn instills a sense of pride and confidence in students. In order to create and increase love for the Motherland, the following pages depict the emblem of Uzbekistan, our great-grandfathers, athletes who have achieved achievements, and small children holding our flag.

There are a total of 4 sections and 33 topics in the 1st grade education textbook. Pictures are given according to each topic, and through them, students can be taught to tell stories, have a deeper understanding of the topic, and with the help of pictures related to the lesson, students can the scope of imagination can be further expanded.

3-4-darslar

Bu – sinf xonasi. Bu yerda dars o'tiladi, bolalar turli fanlarni o'rganadilar. Siz qanday fanlarni o'rganyapsiz?

Sinf xonasi

Bu – maktab yo'lagi. Bu yerda tanaffus payti o'quvchilar vaqt o'tkazishi mumkin. Yo'lakda yugurish va shovqin solish mumkin emas. Nima uchun?

Maktab yo'lagi

**Yodda tuting**

Maktabda telefonda foydalanishning tartib-qoidalar bor:

- maktab hududida telefon qo'ng'irog'ining ovozin pasaytirib qo'yish kerak;
- dars boshlanishidan oldin telefonni o'chirib, portfelga solib qo'yish zarur.

37

3-4-darslar

Sport zalida jismoniy tarbiya mashg'ulotlari o'tkaziladi. Bu yerda o'quvchilar jismonan chiniquadilar. Sport zaliga o'qituvchi boshchiligida kirgan ma'qul. Nima uchun?

Sport zali

Maktabdagi yig'ilish va bayramlar ijod zalida o'tkaziladi. Bu yerda sahna hamda tomoshabinlar uchun o'rindiqlar mavjud. Bolalar sahnada o'z qobiliyatlarini ko'rsatadilar, qo'shiq kuylaydilar va raqsga tushadilar. Ijod zalida o'quvchi o'zini qanday tutishi kerak?

Ijod zali

If we look at the pictures given in lessons 3-4 of our tutorial below, through these pictures, students will get information about the classroom, sports hall or creative hall while reading the text. It will

expand the scope of the student's imagination. To learn to describe the text, the first steps can be started by reading the pictures given in the book and the places corresponding to these pictures and comparing them. Pictures are very important for students to understand and imagine the text. Because in some places they remember what they saw more than what they heard. The role of pictorial texts in this period is incomparable, because they do not yet have the ability to read automatically.

**5-6-darslar**

**Yozma topshiriq**

Bu qoidalar sizning bilim olishingizga yordam beradi. Rasmlarni mos matn bilan bog'lang.

**1**

**3**

**4**

**2**

**5**

**Sinfdozlaringiz bilan hamkorlikda ishtlang.**

**O'qituvchingiz va sinfdozlaringiz javobini diqqat bilan tinglang.**

**Uy vazifasini bajaring.**

**Agar dars payti nimadir demoqchi bo'lsangiz, qo'lingizni ko'taring.**

**Biror narsani tushunmasangiz, so'rashdan qo'rqmang.**

26

Students are given a task through the picture depicted in lessons 5-6. In the task, they perform tasks according to the situations in the picture. This helps the students to learn new knowledge easily. It calls the students to be smart. In the above task, it is also required to match the numbered pictures to the texts. Students read the text and match it according to the pictures. The text in this task also educates the student. So the task in our textbook is through pictures. , we can use it to teach an exhibition or a text, to compose a sentence.

**8-dars**

**Og'zaki topshiriq**

Rasmlarni diqqat bilan o'rganing. Sizingcha, bolalarning o'zaro munosabati qanday?

Ahliklik - boyikdan afzal. Shuning uchun sinfdozlar bilan doimo ahil bo'lish kerak.

**9-dars**

**Og'zaki topshiriq**

Rasmlarga diqqat bilan qarang. Bu tabiatni do'stlik deya bil mumkinmi? O'zingizga yozgan rasmdagi vaziyat haqida gapirib bering.

Through the illustrated pictures on pages 34-35, the students create a small text depending on the situation, which helps them to increase their vocabulary, think, and tell stories.

The purpose of the education science is to form the student's life skills in addition to imparting knowledge through the textbook, and gradually the child's ability to set goals and strive for them is formed.
